

SHARING THE ROAD WITH SEMI-AUTONOMOUS VEHICLES

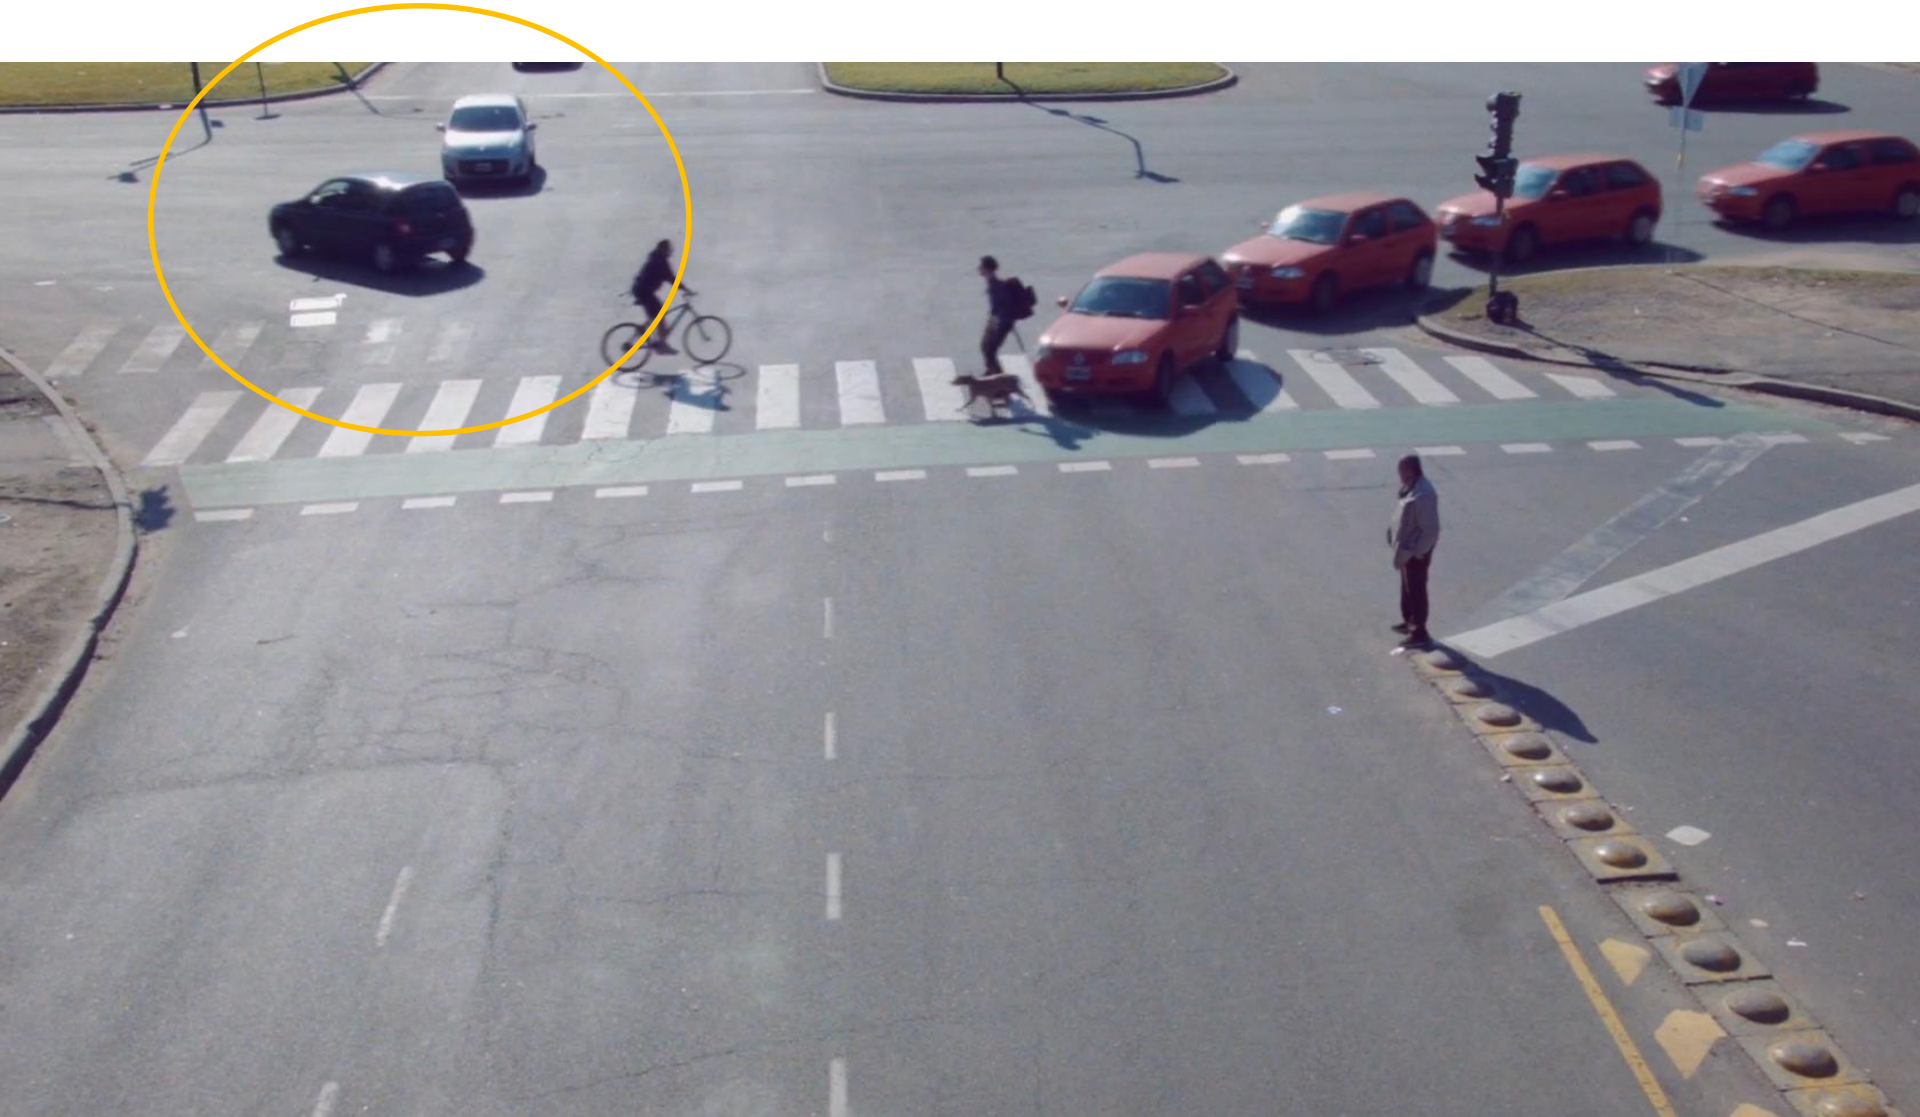

Who's responsible if an accident occurs?

15 June 2017

Who's responsible if an accident occurs?

Who's responsible if an accident occurs?

Who's responsible if an accident occurs?

“The driver is not the only one who has to cooperate with the ADA-systems”

“Imagine crossing the street and encountering a (semi-autonomous) vehicle”

“Who would be responsible in case of an accident?”

An aerial photograph of a residential neighborhood with several houses and parked cars. A large, yellow, jagged speech bubble with a black border and a halftone dot pattern is superimposed over the center of the image. Inside the bubble, the word "CRASH!" is written in large, bold, blue, sans-serif capital letters with a black outline. The background shows a mix of brick and dark-roofed houses, green trees, and paved streets with various cars parked or driving.

CRASH!

“The future of traffic is changing, and with it our experience of traffic changes too”
